FROM THE DESK OF THE PRESIDENT -

Video usage is a fun "extra" in cowboy action. We all enjoy seeing our friends shoot. Sometimes we even enjoy watching ourselves, hoping to see great transitions and fantastic accuracy along with hearing the bang, clang and smoke and the questions of "Do I really run that slow?"

With the upcoming annual event and as the practice of videotaping shooters on the firing line is steadily increasing; The Board of the Eldorado Cowboys felt this might be a good time to discuss the SASS policy regarding stage review and scoring and the Eldorado Cowboys policy regarding video activity.

SASS rules:

SASS ROII – printed page 14, "The use of recorded audio, video or still photography cannot be used to make or challenge the call of the Posse or Match Officials".

Eldorado Cowboys Policy on Video:

1. Video recording is currently allowed and encouraged at Eldorado Cowboys events for the personal use/entertainment and/or self-improvement of a shooter.
2. IF a posse leader/ TO/ Match official feels that video activity is interfering with the efficient operation and/or the atmosphere of the posse or match - he/she will have the authority to request any video activity on the firing line cease until such time as deemed appropriate.
3. IF a shooter attempts to utilize video to challenge calls - this behavior may be grounds for a Spirit of the Game penalty.
4. IF video recording will encompass more than a specified shooter (posse videos, group shots, etc.), please ensure you have received verbal permission to record.

SASS matches and Eldorado Cowboys events specifically, are safe, family friendly venues and the Board of the Eldorado Cowboys wants to ensure that events do not become uncomfortable for any shooter.

Shooters are called upon to self-police and utilize video activity only for their personal use/entertainment or self-improvement.

Thank you for your anticipated cooperation in this matter.

Creeker
President & Match Director

DAM SITE

As of April 7, 2017 we have registered 94 shooters. We have received five cancellations. This leaves us at with eleven spaces remaining. Please review the latest Who Is Coming to see if any of your friends are missing from the list and have them advise us as soon as possible. We would hate to turn anyone away.

The shooter book is going to the printer, the stages have been posed on the website for your review, lunch has been confirmed and all of the other things that make up a shoot are on schedule. We are almost there. See you in four weeks.

ELDORADO

We are currently at 29 shooters for Eldorado. Due Dam Site requirements on our time, we have put Eldorado on hold. This does not mean that we are not accepting registrations. We will hit the ground running the middle of May.

SATURDAY SET UP

We thank everyone who are helping set up on Saturday and sticking around to tear down on Sunday. It has really helped reduce the burden of these necessary chores. It is really appreciated.

CLEAN SHOOTS

Congratulations to the following shooters for their standings in the Clean Shoot list. Looks like they are keeping it in the family again this year. Good job guys.

Just Ace - 6
Blazin' Betsy - 4

JUNIOR CLASS - BRPC

We had the honor of having the BRPC Junior group as our guests on Saturday, April 1, 2017. They are always a joy to have join us. Thank you to Quickly Downunder and Pecos Nick for giving Creeker a hand with the orientation. After they got to shoot the guns of our discipline, Creeker presented a shoot off against Quickly and Pecos. Creeker started off, Quickly picked up as soon as Creeker put down and Pecos picked up next. Everyone was impressed. Several of the older juniors stuck around to learn more about getting into our discipline. We may see more of them in the future. Again thanks for the help and support.

BRPC RAMBLINGS

They are making progress on the underpass to the range. It may be done by Dam Site. It is really amazing how that road is progressing.

If anyone has problems with their gate cards opening the electronic gates, please make certain that someone at BRPC knows what you are experiencing. They think they have found the problem and are working to correct it. You cannot fix what you do not know is broken so your cooperation in reporting problems is appreciated. Thank you.

THIS AND THAT

Just a reminder that we are still recycling empty ink cartridges. We can recycle 20 per month at \$2.00. It is not much, but every little bit helps. Thank you for your contributions.

One of the other disciplines shared the availability of this cowboy gun cart with us. We do not know if it is still available. If you are interested, please contact -
