### DAM SITE

It is hard to believe that we are just 71 days from Dam Site. The registrations currently stand at 37 shooters. The stages are currently in the final proof reading and should be posted on the website shortly. We will send an email to the membership when they are ready. We spent several hours in the rain on Saturday, February 18 checking out the stages. We think we are ready to go. If you have already registered, thank you. If you are still on the fence, we hope you decide to join us soon. If you have any question, feel free to contact the Board and we will be happy to help.

### ELDORADO

Eldorado 2017 Website is up and running. We are currently at 17 shooters registered. We have the awards done and the lunch and dinner arranged for. We hope to hear from you soon. This will be the 18th Eldorado. If you have any questions, please advise and we will get right back to you.

### MONTHLY SHOOT SET UP

We have now had two shoots where we set up on Saturday morning. A sincere thank you to everyone who has helped getting set up in time to get started on time. All hands on deck to tear down has made getting off of the range in a timely manner has made putting everything away easy. Just a reminder, when you park across from the bays, leave a space open so we can pull the truck into the space and back into the bay to set up and tear down. Thank you.

### AWARDS CHIPS

We have gone to not using the ACES on the monthly shoots. Keeping both paper and the tablets is a bit daunting when the score keepers are also trying to shoot. We have found that it is not that big of a problem to type in the scores after the shoot. However, doing the scoring this way has caused a change in the distribution in the Monthly Category Award Chips. The new procedure is to recap the scores after the shoot and email them to the entire Eldorado Cowboys current membership each day. If anyone wants their chips, they are available upon request at registration at the next shoot. We trust that this will be satisfactory to everyone.

Since everyone knows by the end of the shoot each day if they shot clean, those chips can be requested before you leave. The same goes for the Dang It chips. We trust this procedure is acceptable to everyone.

### CLEAN SHOOT

Congratulations to German Rosebud and Just Ace for having two cleans shoots each for the January and February shoots. Good luck to everyone in the coming months.

### BRPC RAMBLINGS

During the last BRPC Board meeting, those in attendance were advised that the bridge should be done by the end of March with the roads being done by April or early May. We may have the new access road available by Dam Site. That would make entry into the range easier.

The latest BRPC membership database has a total of 2717 members. 2017 have renewed so far.

There has been some vandalism at the range recently. We have been asked that if we see anything out of the ordinary, we should immediately report it to the Board. They want to nip this in the bud. Thank you.

### OUT OF STATE SHOOTS

### ELDORADO RAMBLINGS

We recently heard from Just George and we thought we would pass along his update. Enjoy.

Hi there.

While I may not be the best at keeping in touch but I do read everything concerning RRV. In fact, I came over to the last monthly but it was cancelled. There seems to be some concern for my health and rumor of not doing well. Well, crap, I'm still not retired. Working 40+ hours a week right now at Edwards AFB at NASA on a 16 month project. Hope to be done with it sometime in August. The QC and I share a company rented house in California City and we are currently working nights. 3:30 pm to 2:00am M/TH. Sometimes I take the train from Oceanside to Lancaster and others I drive.

So please Ken, let everyone know I'm fine. Cancer is still gone and in 8 months they will say I am cured! I have managed to gain back about 30 pounds so I'm not 195 anymore! While I don't have the energy I used to have I'm really quite well. We travel all over the place and we're getting ready for a guided fishing trip in 3 weeks. We recently went to Oregon to visit Gary and his family and had a great trip back home along PCH.

Give my best to everyone and I hope to see all of you soon.

Just (still kickin')George

### Eldorado Cowboys

Indian Chief "Two Eagles" was asked by a white U.S. Government official, "You have observed the white man for 90 years. You've seen his wars and his technological advances. You've seen his progress, and the damage he's done." The Chief nodded in agreement.

The official continued, "Considering all these events, in your opinion, where did the white man go wrong?"

The Chief stared at the government official for over a minute and then calmly replied: "When white man find land, Indians running it, no taxes, no debt, plenty buffalo, plenty beaver, clean water. Women did all the work, Medicine man free. Indian man spend all day hunting and fishing; all night having sex."

Then the chief leaned back and smiled "Only white man dumb enough to think he could improve system **like that.**"
