LETTER FROM THE PRESIDENT

I guess its time that I finally say a few words. Its not that I have been completely avoiding it, its that I have been pretty busy trying to get my bearings with everything that has been going on, and everything that needs to get finished. I believe that we are on a good path in getting Eldorado finished up. Stages all but ready for the printer. Events are coming together nicely, and it looks like we will have another great match put together for Eldorado. It has been a lot to get done in a short time frame . The work is starting to slow down a bit, and the excitement is starting to build. I appreciate everyone who has helped us get here.

I am looking forward to seeing everyone at Eldorado.

See you on the range
